August, 2025

A Message from the Superintendent

Dear Warren Woods Families and Community,

As we prepare to welcome students back on August 25, I want to take a moment to share our excitement and gratitude as we embark on the 2025–2026 school year together.

There is always something special about the first day of school - fresh starts, new opportunities, and the energy that fills our hallways with hope and purpose. This year, we are especially excited about our continued district-wide focus on literacy and engagement, two pillars that drive academic success and ensure that every student feels connected and empowered in their learning. Our staff have been hard at work this summer sharpening their instructional skills, exploring the latest research-based strategies to engage learners and improve student achievement across all grade levels. We are grateful for the teachers and support staff who spent their summer months in professional learning, committed to providing the very best for our students from day one.

Thanks to your ongoing support of our bond initiatives, our schools are also reopening with numerous upgrades and improvements that will benefit students, staff, and families for years to come. We are proud to unveil enhanced security measures, including upgraded classroom door hardware and reconfigured parking lots that improve safety and accessibility. Across the district, students will enjoy improved learning environments through major HVAC renovations, our youngest learners will return to newly updated playground spaces, and many more changes.

None of this would be possible without the unwavering dedication of our custodial, maintenance, technology, and administrative teams who worked tirelessly throughout the summer, often side-by-side with construction crews, to ensure our buildings were ready for the year ahead.

Most importantly, thank you to our families and our community, for trusting us with your children and for creating a school district that all residents can be proud to represent. Your belief in the power of public education and your support of Warren Woods continue to make a lasting impact.

We cannot wait to see our students walk through our doors on August 25. Here's to a school year filled with growth, joy, and shared success.

Sincerely,

Stacey Denewith-Fici, Superintendent

2025-2026 Bus Stop Schedule

The Warren Woods Transportation Department has automated our school bus stop schedule system. To determine your child's stop go to the Warren Woods Public Schools website at www.mywwps.org and:

1. click OUR DISTRICT
2. click DEPARTMENT
3. click TRANSPORTATION
4. click on the [Bus Stop Locations and Rider Eligibility hyperlink](#).

You will be redirected to WebQuery which is linked to our bus routing program. Once there, select your child's school from the dropdown menu, select their grade and enter your address number and street. Only students who live further than 1.5 miles from the school or in pre-determined hazard areas are eligible for transportation. Schools of Choice students are not eligible. If your child is eligible, the approximate stop time, stop location and bus number will be displayed for both morning and afternoon transportation. Please note that many of the stop locations change each year to maximize student safety, so check WebQuery prior to the start of the school year. Contact the Transportation Department at 586.439.4975 with any questions.

Board Meetings

Regular Board Meetings are typically scheduled on the second Monday of each month. Special Meetings are held as needed, usually on the fourth Monday. Meetings begin at 6:00 PM and are held at the Administrative Service Center, 12900 Frazho Road, Warren, MI 48089. Please visit [our website](#) for more information.

STUDENT DIRECTORY INFORMATION

Each year the Superintendent shall provide a public notice to students and their parents of the District's intent to make available, upon request, certain information known as "directory information." The Board designates as student "directory information": a student's name, address, telephone number, date and place of birth, major field of study, participation in officially recognized activities and sports, height if a member of an athletic team, weight, if a member of an athletic team which requires disclosure to participate, dates of attendance, date of graduation, awards received, honor rolls, scholarships, telephone numbers for inclusion in school or PTA directories, school photographs or videos of students participating in school activities, events or programs.

The Board designates school-assigned e-mail accounts as "directory information" for the limited purpose facilitating students' registration for access to various online educational services, including mobile applications/apps that will be utilized by the student for the educational purposes and for inclusion in internal e-mail address books. School assigned e-mail accounts shall not be released as directory information beyond this limited purpose(s) and to any person or entity but the specific online educational service provider and internal users of the District's Education Technology.

The Superintendent will also develop a list of uses for which the District community would disclose a student's directory information and develop an [optout form](#) that lists all of the uses or instances and allows a parent or legal guardian to elect not to have his or her child's directory information disclosed for one (1) or more of these uses: e.g. local municipal leaders to send notes of congratulations to graduates; yearbook company to provide purchase information, etc.

Each student's parent or legal guardian will be provided with the [opt-out form](#) within the first thirty (30) days of the school year. The form shall also be provided to a parent or legal guardian at other times upon request. If an opt-out form is signed and submitted to the District by a student's parent or legal guardian, the District shall not include the student's directory information in any of the uses that have been opted out of in the opt-out form. A student who is at least age eighteen (18) or is an emancipated minor may act on his or her own behalf with respect to the opt-out form.

Parents and eligible students may also refuse to disclose any or all of such "directory information" upon written notification to the District within ten (10) days after receipt of the District's public notice.

Official Discipline Policy

The following legal notice is required to be published by the state and or federal government. The following summary is taken from the official policy of the Board of Education. The full text of the discipline policy is available upon request.

Student Discipline – Generally

It is the Board's policy to provide students and staff with a safe learning environment free from substantial disruption. Consistent with this policy, the District may discipline students who engage in misconduct. Discipline may, but need not, include suspension or expulsion from school.

It is the Board's policy that students should rarely be suspended or expelled from school and that steps should be taken to minimize occurrences of suspension and expulsion. It is further the Board's policy to comply with all applicable state and federal laws related to student discipline.

It is the Board's expectation that this Board Policy, especially those provisions that require consideration of specific factors and the possibility of restorative practices before suspending or expelling a student, will reduce the number of out-of-school suspensions that exceed 10 days and the number of expulsions.

This Board Policy applies to all student conduct that occurs: (1) on school property; (2) at a school-sponsored or school-related event; (3) on the school bus; (4) traveling to or from school, including at a school bus stop; and (5) at any other time or place if the conduct has a direct nexus to the school environment.

Student Code of Conduct

The Board directs the Superintendent to develop and regularly update a student code of conduct within the Student Handbook. The student code of conduct must: (1) identify offenses that may result in discipline; (2) identify the possible disciplinary consequences for each offense, which may, but need not, include suspension or expulsion; (3) be consistent with Board policy and applicable state and federal laws, including laws requiring mandatory suspension or expulsion; and (4) include a copy of the section of this Board Policy entitled "Suspension from Class, Subject, or Activity by Teacher."

Definitions for purposes of this Board Policy:

- "Suspend" or "Suspension" means a disciplinary removal from school for less than 180 school days.
- "Expel" or "Expulsion" means a permanent disciplinary removal from school for 180 or more school days.
- "Restorative practices" means practices that emphasize repairing the harm to the victim and the school community caused by a student's misconduct.

Codes of Conduct are available at www.mywwps.org. Click on "Academics" then click on "Student Handbooks."

Education Records

The education records of any student enrolled in the Warren Woods Public Schools (WWPS) are protected under the Family Educational Rights and Privacy Act of 1974.

A parent or eligible student (one who has attained the age of 18 or is in a post secondary educational institution) may, and is encouraged to review their records. The review may be done by contacting the building principal and arranging an appointment. A member of the staff will accompany the reviewer to provide explanation and interpretation as required.

If the parent or eligible student feels some portion of the record is inaccurate, misleading or otherwise in violation of privacy or other rights of the student, he or she may ask that the record be amended. If satisfaction is not achieved at the building or department level, a hearing will be held on the matter upon request. Following the decision of the hearing officer, if satisfaction is still not achieved, a written explanation may be added to the record of the rationale for challenging that record. Copies of educational records will be provided to parents or eligible students upon request. A charge may be made to cover duplication costs.

No records, files or dates directly relating to an individual student shall be made available to anyone without the consent and notification of the student or the parents or guardian of a student under the age of 18, except:

1. The teachers and officials of this school district who have a legitimate educational interest in such information, or unless
2. There has been a federal request for submission of student records in connection with the student's application for financial aid. The student or parent will be notified if officials of a school to which a student intends to enroll desire access to student records, or if a court has ordered access to such records, parental or student consent is needed.

Non-Discrimination Policy

In compliance with Title VI of the Civil Rights Act of 1964, Title IX of the Education Amendments of 1972, Section 504 of the Rehabilitation Act of 1973, the Age Discrimination Act of 1975, the American with Disabilities Act of 1990, and the Elliott-Larsen Civil Rights Act of 1977, it is the policy of the Warren Woods School District that no person (or student) shall, on the basis of race, color, religion, national origin or ancestry, gender/sex, age, disability, height, weight, or marital status be excluded from participation in, be denied the benefits of, or be subjected to discrimination during any program or activity or in employment. For information, contact (586) 439-4401.

ASBESTOS HAZARD EMERGENCY RESPONSE ACT (AHERA)

2025-2026 NOTIFICATION

The Environmental Protection Agency (EPA) requires that each year, district workers and building occupants receive notification about asbestos activities such as response actions and inspections. The purpose of this correspondence is to meet those requirements and familiarize you with the asbestos related activities that have been conducted in Warren Woods Public Schools during the past year.

MANAGEMENT PLANS

In 1988, Warren Wood Public Schools contracted with an environmental consulting firm to conduct inspections and develop asbestos Management Plans for asbestos containing material (ACM) within all district-owned buildings. These Management Plans are located in the administrative office of each building and are available to the public for review. A copy of each building management plan is also located at the Maintenance Building.

SURVEILLANCE ACTIVITIES

The AHERA regulation requires periodic surveillance of the condition of ACM every six months. Warren Woods Public Schools will conduct the next periodic surveillance in September 2025 and February 2026.. The regulation also requires reinspections conducted every three years by Michigan Accredited Inspectors. Warren Woods Public Schools contracted an independent consulting firm to conduct the reinspections in December 2025, with the last reinspection completed in July 2022. Previous reinspections and six month periodic inspections are located in the building's Management Plans.

ASBESTOS ABATEMENT

Warren Woods Public Schools performed asbestos abatement relating to construction work. When asbestos abatement is conducted, Warren Woods Public Schools hires a Michigan Licensed Asbestos Abatement Contractor to perform the removal activities and Nova Environmental, Inc. to conduct air sampling during and after the assigned removal in compliance with all applicable regulatory standards.

Questions regarding asbestos-related issues can be addressed to Mr. Don Ball, Director of Facilities and Transportation, at (586)439-4975.

Adult & Community Education

Warren Woods Adult & Community Education proudly provides opportunities for many individuals in the community who wish to earn a high school diploma, prepare for a High School Equivalency exam (HSE), improve English skills, or participate in an enrichment class.

The High School Completion program offers day and evening classes for adult learners who wish to earn a high school diploma and achieve high school graduation. Students may also prepare for a High School Equivalency test such as a GED or HiSET. Students must be 18 years of age on July 1st to enroll, but we believe you are never too old to earn your high school diploma. WWACE now offers HiSET testing on-site.

English As a Second Language (ESL) provides year-round instruction to members of the community for whom English is not a primary language. Students improve reading, writing, listening, and speaking skills while also learning about citizenship, computers, job-seeking, and many other everyday skills. Both online and in-person options are available.

Adult Basic Education (ABE) provides valuable literacy improvement to community members who qualify. While foundational classes help our adult students aged 18 and older gain the skills necessary to earn a high school diploma, other adults in the community who have already earned a diploma but lack basic skills may be eligible for this program. ABE classes are also ideal for those seeking to prepare for the HSE test and HSE prep classes.

Students from local high schools may enroll in the tuition-based Credit Recovery program offered Monday through Thursday evenings to make up previously unearned credits.

Open to the rest of the community are enrichment classes such as Segment 1 and 2 driver training and yoga. Information can be found on the Warren Woods Adult & Community Education website.

For additional information about any of these programs or for class schedules please call 586.439.4408 or visit the website: tinyurl.com/wwace.

Pledge of Allegiance

The Michigan legislature amended the School Code to require school districts to offer all students the opportunity to recite the Pledge of Allegiance every day that school is in session. This requirement took effect with the start of the 2014-2015 school year, however, students/parents may elect to opt-out. No student shall be penalized for failure to participate in the Pledge and the staff shall protect any students who choose not to participate from bullying.

UNDERSTANDING CONCUSSION

Some Common Symptoms

Headache	Balance Problems	Sensitive to Noise	Poor Concentration	Not "Feeling Right"
Pressure in the Head	Double Vision	Sluggishness	Memory Problems	Feeling Irritable
Nausea/Vomiting	Blurry Vision	Haziness	Confusion	Slow Reaction Time
Dizziness	Sensitive to Light	Fogginess	"Feeling Down"	Sleep Problems
		Grogginess		

WHAT IS A CONCUSSION?

A **concussion** is a **type of traumatic brain injury** that changes the way the brain normally works. A concussion is caused by a fall, bump, blow, or jolt to the head or body that causes the head and brain to move quickly back and forth. A concussion can be caused by a shaking, spinning or a sudden stopping and starting of the head. Even a "ding," "getting your bell rung," or what seems to be a mild bump or blow to the head can be serious. A concussion can happen even if you haven't been knocked out.

You can't see a concussion. Signs and symptoms of concussions can show up right after the injury or may not appear or be noticed until days or weeks after the injury. If the student reports any symptoms of a concussion, or if you notice symptoms yourself, seek medical attention right away. A student who may have had a concussion should not return to play on the day of the injury and until a health care professional says they are okay to return to play.

IF YOU SUSPECT A CONCUSSION:

- 1. SEEK MEDICAL ATTENTION RIGHT AWAY** - A health care professional will be able to decide how serious the concussion is and when it is safe for the student to return to regular activities, including sports. Don't hide it, report it. Ignoring symptoms and trying to "tough it out" often makes it worse.
- 2. KEEP YOUR STUDENT OUT OF PLAY** - Concussions take time to heal. Don't let the student return to play the day of injury and until a health care professional says it's okay. A student who returns to play too soon, while the brain is still healing, risks a greater chance of having a second concussion. Young children and teens are more likely to get a concussion and take longer to recover than adults. Repeat or second concussions increase the time it takes to recover and can be very serious. They can cause permanent brain damage, affecting the student for a lifetime. They can be fatal. It is better to miss one game than the whole season.
- 3. TELL THE SCHOOL ABOUT ANY PREVIOUS CONCUSSION** - Schools should know if a student had a previous concussion. A student's school may not know about a concussion received in another sport or activity unless you notify them.

SIGNS OBSERVED BY PARENTS:

Appears dazed or stunned	Can't recall events prior to or after a hit or fall	Answers questions slowly
Is confused about assignment or position	Is unsure of game, score, or opponent	Loses consciousness (even briefly)
Forgets an instruction	Moves clumsily	Shows mood, behavior, or personality changes

CONCUSSION DANGER SIGNS:

In rare cases, a dangerous blood clot may form on the brain in a person with a concussion and crowd the brain against the skull. A student should receive immediate medical attention if after a bump, blow, or jolt to the head or body s/he exhibits any of the following danger signs:

One pupil larger than the other	Repeated vomiting or nausea	Becomes increasingly confused, restless or agitated
Is drowsy or cannot be awakened	Slurred speech	Has unusual behavior
A headache that gets worse	Convulsions or seizures	Loses consciousness (even a brief loss of consciousness should be taken seriously.)
Weakness, numbness, or decreased coordination	Cannot recognize people/places	

HOW TO RESPOND TO A REPORT OF A CONCUSSION:

If a student reports one or more symptoms of a concussion after a bump, blow, or jolt to the head or body, s/he should be kept out of athletic play the day of the injury. The student should only return to play with permission from a health care professional experienced in evaluating for concussion. During recovery, rest is key. Exercising or activities that involve a lot of concentration (such as studying, working on the computer, or playing video games) may cause concussion symptoms to reappear or get worse. Students who return to school after a concussion may need to spend fewer hours at school, take rests breaks, be given extra help and time, spend less time reading, writing or on a computer. After a concussion, returning to sports and school is a gradual process that should be monitored by a health care professional.

Remember: Concussion affects people differently. While most students with a concussion recover quickly and fully, some will have symptoms that last for days, or even weeks. A more serious concussion can last for months or longer.

It is the policy of the Warren Woods Public School district that no person shall, on the basis of race, color, religion, national origin or ancestry, gender/sex, age or genetic information, disability, height, weight or marital status be excluded from participation in, be denied the benefits of, or be subjected to discrimination during any program or activity or in employment.

Board Meetings

Regular Board meetings are scheduled on the second Monday of each month. Special meetings are held as needed usually on the fourth Monday. Meetings begin at 6:00 p.m. and are held at the Administrative Service Center, 12900 Frazho Road unless otherwise posted. Meetings are open to the public. The community is welcome to attend. Board meeting agendas are posted the Friday before each meeting at the Administrative Service Center at every school during from September through June.

Pesticide Control Act

Warren Woods Public Schools has adopted an Integrated Pest Management program (IPM). The community is advised that pest control services are routinely provided once each month in the district's buildings by a certified applicator. Special applications take place as needed. **Elite Pest Management** employs an integrated pest management program using pest control methods which impose the least possible hazard to people, property, and the environment. This IPM program does not rely on routine pesticide applications to resolve problems. We use various techniques such as habitat alteration, sanitation, mechanical means, exclusion, etc. to prevent pests from becoming a problem. Persons who wish to be informed prior to any pesticide application made at a school building or on school grounds should complete the request below and return to Don Ball, 14846 Martin Rd., Warren, MI 48088.
